PEER at 21: The Practice of Performance-Based Engineering for Natural Hazards

“PEER at 21: The Practice of Performance-Based Engineering for Natural Hazards” will feature the role of multi-disciplinary performance-based engineering with seismic and related natural hazards to achieve community resiliency. The meeting will open on Thursday, January 18 with plenary sessions highlighting the role of PEER research in the fields of performance-based engineering and resiliency, and to identify areas where research and development of technology and tools are needed for effective decision-making. On Friday, January 19, concurrent breakout sessions will be formatted for more detailed discussion and engagement of PEER-funded researchers and projects, with the goal of creating a synergy of resources and information.

Who Should Attend
Decision-making stakeholders, practicing professionals, researchers, faculty, students, and others interested in the practice of performance-based engineering for natural hazards are encouraged to attend. Program details can be found at:
http://peer.berkeley.edu/events/annual_meeting/2018AM/register

Registration
Advanced registration is required for attendance at the 2018 PEER Annual Meeting. Register at:
http://peer.berkeley.edu/events/annual_meeting/2018AM/register/

Early Bird registration until December 8, 2017

Poster Session & Reception
Emerging researchers and students are encouraged to apply to participate in the poster session. All accepted posters will be displayed during a reception on the evening of Thursday, January 18, in the Great Hall at the International House. Apply at:
https://peercenter.wufoo.com/forms/z87c2ie0zm50fc/

Deadline for poster session applications is November 27, 2017

Location
International House, Berkeley, CA. 2299 Piedmont Avenue at the corner of Piedmont Avenue and Bancroft Way. For directions and parking information see:
